Section 6039: In the beginning...

Section 6039 of the Internal Revenue Code requires that by January 31 of the following year, each company must provide a written statement to each participant who had legal title of shares of stocks transferred to them in the previous year:

- Through the exercise of an Incentive Stock Option (ISO).
- Through the purchase of shares in an Employee Stock Purchase Plan (ESPP) that is qualified under IRC 423 and deposited in a brokerage account.

Section 6039: Regulation changes

The IRS finalized IRC 6039(a) in November 2009:

- Required issuers to report information for ISO exercises and ESPP purchases to the IRS in a designated format.
- Released instructions for filing (IRS Publication 1220).
- Issuers with 250 or more forms must file electronically (requirement is for each form individually, and not cumulatively), though electronic filing is permitted for fewer than 250.
- Created a specific form for ISO exercises (Form 3921).
- Created a specific form for ESPP purchases (Form 3922).
- Required more “per share” information be sent to participants.
- Allowed companies to send a substitute form to participants, though substitute forms must meet certain criteria (IRS Publication 1179).
- Created new deadlines and penalties for non-compliance.

Summary of IRC 6039 requirements

- Requirement is for any corporation that transfers legal title of stock pursuant to ISO exercises or ESPP purchases under a Sec. 423-qualified plan for plan participants who have earnings and taxes reported to the IRS.
- For private companies, the 6039 requirement is applicable for ISO exercises. For ESPP, it only is triggered if the stock is transferred to a brokerage account (not if a stock certificate is issued to a participant).
- Forms 3921 and 3922 require specific data for each transaction. Thus, these forms must be filed for EACH ISO exercise and eligible ESPP purchase that occurred during the calendar year.

Deadlines coincide with yearly or quarterly audits/reviews for most companies. Before January creeps up on you, plan ahead!

Other important 6039 tips

- No exception: There is NO exception for U.S. citizens working abroad even if no W-2 is issued.
