

The top issue facing companies with mobile employees is not the complex tax rules but the difficulty with tracking mobile employees and getting good mobility data.

A SOLUTION

eMobileTrax

✓ WHAT?

A web application to help apply taxes to equity and cash compensation for mobile employees across every state in the U.S. and around the world.

✓ WHO?

- Any company with at least 5 mobile employees who travel state-to-state or globally
- U.S. companies with employees outside the state of the corporate headquarters
- U.S. companies with overseas employees who travel to the corporate headquarters or within the U.S.

✓ WHY?

- **COMPLIANCE:** A scalable solution for companies who are looking to comply with withholding and reporting requirements for mobile employees
- **AVOIDANCE OF PENALTIES:** Avoid tax penalties from state & global jurisdictions, as well as the financial burden and loss of productivity accompanied by these common tax audits
- **EASE OF USE:** A very user-friendly interface for both employees and administrators
- **SPEED:** Checking in or out of eMobileTrax is quick for employees and can be accomplished within 60 seconds
- **INTERFACE WITH EQUITY AWARDS:** Marries the mobile data with equity transactions to capture information for equity and cash compensation tax calculations
- **AUDIT TRAIL:** Obtain an audit trail efficiently and easily with exportable reports
- **INTERNAL TRACKING:** Assistance for companies with travel planning and overhead allocation for mobile employees
- **EXPENSE REPORTS:** Assistance for employees and administrators with expense reporting function by providing information on places and dates of travel
- **PRICE:** One low annual fee that includes maintenance and support (priced for even small companies to be able to afford)
- **TIME SAVINGS:** A proactive solution to save the company valuable time
